Stephen Seyler
BID Executive Security Director
Joint BID Security Monthly Report

SUMMARY FOR 2-27-17 THROUGH 4-23-17

This report takes us through week 16 of 2017. We continue to struggle through daily interactions with mentally ill and often violent people. Homeless encampments continue to sprout up and move from location to location.

Another concern is calls for service. We have received 193 more calls than this time last year which was a record number. The volume of calls of course affects our ability to pursue proactive activities such as foot patrols and other types of targeted patrols and projects. That being said, we do require our officers to walk the streets at some point of their shift barring extenuating circumstances.

EVENTS OF INTEREST:

On 2-27-17, our officers learned that 15 vehicles had been broken into on Ivar in the early morning hours. This occurred in a 45 minute period of time. LAPD officers advised that two car burglars were working the area and they gave us their description. We began providing extra patrol in the area.

On 3-2-17, our officers stopped by 6358 Hollywood Blvd. (formally Beso) and spoke to co-owner A.J. We had received a complaint of people sleeping in front of the business. A.J. said the problem had been resolved. He also said he was very happy with our service. The property is under construction on the inside and will re-open as "Vi Va" soon.

On 3-6-17, we responded to a call of ten people sitting on the sidewalk and causing a disturbance at 1708 Los Palmas. The group was cooperative and packed up their stuff and moved on when our officers spoke to them. One young man did have a complaint however. He said "It's really hard to find good Quaaludes anymore".

The next day our outreach team spoke to the homeless Mike. He also had a complaint. He said the local methamphetamine supply is low. He said this was causing large groups of users to hang out together waiting for the drugs to be delivered. Seems like the LAPD Narcotics Teams are doing some good work.

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

On 3-10-17 and 3-11-17, we adjusted our hours and had two teams work until 10:00 P.M. as they provided foot patrol in the 6200 block of Hollywood Blvd. We had received information that this area had experienced some problems with people causing disturbances. Our officers did not encounter any problems on either night.

On 3-16-17, we responded to a call from the W Hotel security regarding a very hostile homeless man lying on the sidewalk. He had taken traffic barricades and placed them around the area that he had placed his belongings. He was hostile and argumentative, but finally agreed to cooperate.

On 3-27-17, we received a call of a trespasser in the alley to the rear of 6755 Hollywood Blvd. Our officers arrived and found two transients with a considerable amount of property. One left right away while the second ever so slowly packed up his property and then finally left.

We have received complaints about people hanging out in this alley. There have been two incidents where people have tried to force their way into the rear door of the Hollywood Wax Museum.

My assistant director and I went to the location to access the situation. We found trash and debris including many used hypodermic syringes. We spoke to security and other employees of businesses in the area. We even went to the rooftop of a vacant building. We found no evidence of people sleeping or using drugs there. I have spoken to the LAPD about this situation and we are providing extra patrol there. I try to walk through there at least once a day myself.

On 3-27-17, we responded to a call of a woman throwing items in the Subway store located at 1813 Cahuenga. Our officers found the woman outside the front door. She was crying and screaming. The manager said that the woman had entered the business and then threw the cookie display on the floor. He did not wish to prosecute so the woman was sent on her way.

On 3-27-17, at about 1:40 P.M., we received a call of a 40 year old woman causing a disturbance and refusing to leave the Yucca Market located at 1815 Cahuenga. The woman was hostile and argumentative, but she did leave the location after a bit of coaxing by our officers.

At 3:40 P.M., we received a call at the 7-11 Store located at 1810 Cahuenga. It was the same woman and she was now causing a disturbance at this location. She then went to the Laundromat located next door at 1820 Cahuenga. She immediately started causing a problem there and our officers asked her to leave. A short time later we responded to the Panda Express as the woman was now upsetting employees and customers. She was once again asked to leave.

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

On 3-28-17, at 2:40 P.M., we responded to a call of a man hollering obscenities at 1520 Cahuenga. Our officers asked him to leave. He responded with gibberish, but did leave after a while.

At 4:15 P.M. we received a call of a man refusing to leave the bathroom of Sharkey's located at 1716 Cahuenga. Our officers found the same man from the previous call taking a sink bath. He was shirtless and had about fifty wet paper towels on the floor. He was sent on his way.

Our officers were at the IHOP parking lot when a teenager asked them how to change a flat tire. He had a flat on his Honda Civic. They walked him through the process while letting him do the work. The young man was very grateful and our officers spread a little more good will in the community.

On 3-29-17, we responded to a call of people sleeping on the sidewalk in front of the McDonalds located at 6776 Hollywood Blvd. There were a total of fifteen people and that had a great deal of property. Our officers were talking to the group trying to convince them to disperse when an RTD bus pulled up. He tried to lower his handicapped ramp, but was unable because the people and property were blocking the sidewalk. The LAPD arrived and we assisted them in getting the group to move from the location.

On 3-30-17, we assisted the LAPD with crowd control as a swarm of bees had taken up residence under a tour guides umbrella on the N/W corner of Hollywood and Highland. We kept tourists and others from walking up to the location. A bee wrangler (my term) arrived and vacuumed the bees into a container. The bees were relocated and no one was stung.

We had considered this swarm to be an assist from Mother Nature in our efforts to keep the alcove of a vacant building on the corner of Hollywood and Highland clear of encampments. They stayed for a couple of weeks and there was a drop off in people choosing to sleep on the sidewalk in that area. The swarm has now been removed and we are back to waking up people sleeping in the alcove each morning.

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

On 3-31-17, we responded to a call of a man with no pants at the Graumans Chinese Theater. Our officers found the man sleeping in the courtyard. They had him pull up his pants and leave the location.

On 4-1-17, our officers were on patrol when they saw a man sitting in an office chair in the center turn lane of Hollywood Blvd. just east of Whitley Ave. After a lengthy discussion, the man finally agreed to move to the sidewalk.

On 4-4-17, we received a call of a disturbance at L.A. Fitness located at 7021 Hollywood Blvd. A fifty year old man was at the juice bar threatening to blow up the business. We stayed to keep the peace until the LAPD arrived and took over the call.

On 4-5-17, we responded to a call at the Starbucks located at 6933 Hollywood Blvd. regarding a woman refusing to leave the property. The woman was sitting at an outdoor table. When asked to leave, she smiled and opened her fur coat revealing that she was wearing only undergarments under the coat. The woman then left the location.

Douglas Orleski

On 4-7-17, we responded to a call of a woman causing a disturbance at the Wells Fargo bank located at 1600 Vine. She was acting strangely and kept trying to enter the bank even though employees told her not to. We received a total of three calls to the location as the woman kept returning after we sent her on her way. We called the LAPD and they sent a six officer bike team. They had no better luck with the woman that we did. The woman was finally arrested for trespass.

On 4-7-17, at 7:10 A.M., we received a call of a man scaring customers at the Starbucks located at 6290 Hollywood Blvd. A man was standing outside at the window screaming at the people inside. Our officers convinced the man to leave the location.

On 4-10-17, we responded to a call of a man sleeping at 6360 Sunset Blvd. The security guard at the location said the man refused to leave the property. Our officers contacted the very irate man. He became extremely angry, but finally left after numerous requests and threats of a trespassing arrest.

On 4-11-17, we received call of a man causing a disturbance at the 7-11 store located at

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

1810 Cahuenga. The man was standing in front screaming. Our officers calmed him down and convinced him to leave.

On 4-11-17, a man entered the McDonalds located at 6776 Hollywood Blvd. He bought a soda and then returned to the counter demanding a refill. This is against the stores policy and he was refused. The man became extremely angry and he threw his cup of ice at an employee. He moved closer to the counter and it appeared that he was going to climb over it. He spit on the employees as the manager got in front of him in an attempt to protect them. The employees under attack were two petite women. The LAPD responded but the man had fled the scene.

On 4-12-17, we responded to a call of a man causing a disturbance in front of the business at 1503 Cahuenga. Upon arrival our officers counseled the man who had been banging on car windows with his fist. He agreed to leave the area.

On 4-13-17, at about 8:30 A.M., our officers saw a man climb the fence to the rear of the Hollywood Wax Museum. He then climbed a metal pole attached to the building. He used the attached roof ladder to get onto the roof of the building.

The man used several ladders to gained access to the 8TH floor of the building at 6777 Hollywood Blvd. He then climbed into the building through a window. We contacted an employee (Sam) of the vacant building and he responded to the scene. We also contacted the LAPD. We secured the outside perimeter while the LAPD officers searched the building. They did not find the man.

Our officers went back to their patrol duties and they saw two men in front of the 7-11 Store located at 6051 Hollywood Blvd. They appeared to be tampering with the ATM machine. As our officers approached, the men got into separate cars and quickly left the area.

On 4-14-17, we responded to a call of a man screaming at people for no apparent reason at Columbia Square located at 6121 Sunset Blvd. He agreed to leave the location.

Our officers were then flagged down by the parking attendant at 1710 Cherokee. He had just been robbed at knife point. Our officer had actually seen the suspect running in the area, but did not know of the robbery at that time. Our officer stood by with the nervous attendant until the LAPD arrived.

On 4-17-17, we received a call of a man causing a disturbance at the camera store located at 6765 Hollywood Blvd. He was gone when our officers arrived. The owner (Wilma) said that a transient came in and he started handling various cameras. She asked him to stop and he became extremely angry. He shouted profanities and several customers became frightened and left the store. The man finally left. Our officers told Wilma to call us immediately if the man should return.

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

We also responded to a call of a man causing a problem at the parking lot located at 6357 Selma. The attendant pointed out a man and said that he had hit the window of his ticket booth and then threw a small rock which hit a woman in the back of the head. The woman had already left the scene. Our officers warned the man about his behavior, but he responded incoherently. He kept talking to himself. He kept backing away from our officers until he had crossed the street. The officers told him that he would be arrested if he returned.

On 4-18-17, we received another parking lot call. This one was at 6831 Hawthorn. Attendant Carlos said that a man was screaming and trying to pull his hair out. He would run in circles as he kicked off his shoes. The man would run up to people and stop just before running in to them. The man had run off prior to our arrival. Our officers searched the area, but did not find the man.

On 4-23-17, we received a call of a man causing a disturbance at the Cahuenga Adult Video located at 1651 Cahuenga. Upon arrival our officers found the man kicking the glass front door of the store. He was warned and left the location.

On Sunday, 04/24/17, an LAPD officer came to the BID Patrol office and said he wanted to meet the BID Patrol officers that came to his assistance while arresting a combative male suspect on the 3rd floor in the Hollywood and Highland Entertainment Complex.

The officer stated that on Saturday 03/25/17 around 1730 hours, he and his partner, were on a disturbance call on the 3rd level and they were in the process of arresting the subject when he suddenly became combative. He said that he and his partner were on the ground struggling with the suspect and they were feeling the exhaustion in getting the suspect under control. He said that he was able to radio for "Officer Needs Help".

The officer said that much to his surprise, there were several BID officers that immediately jumped in to help control the suspect and place him in handcuffs. The officer said that they, (BID officers), didn't stand around or have to be told to help out. He said that their response was immediate and they knew exactly what had to be done. He was surprised and relieved at the quick response. He said that he sustained injuries as a result of that incident and he was on workers compensation for two weeks. He truly believes that his injuries would have been far more extensive and the situation would have turned ugly if not for the actions of the BID officers involved. He wanted to meet the officers to shake their hand and say thank you.

OUTREACH:

On 2-27-17, we received a call from the Department of Mental Health located at 1224 Vine. A man had set up a tent and spread his belongings blocking the sidewalk in front of the location. We were able to convince him to relocate.

On 3-3-17, we received a call of a couple panhandling at 1645 Vine. Our officers responded and spoke to 37 year old Sam and 40 year old Hope. They arrived here

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

recently from Oklahoma. They had enough money for one more night in a motel and then were going to sleep on the streets. The officers then called for our outreach team to respond.

The couple said they were anxious to find work. They were given information about shelter and services. They were asked if they needed warm clothing and they said they did. Our team went to our office and brought back two hooded sweatshirts, a scarf, baseball cap, socks and a large blanket. Our supervisor bought them coffee while they waited. This was an attempt to build rapport with this new couple and guide them into services before they join our homeless population on the streets.

On 3-6-17, we found a very distraught 40 year old woman named Linda outside our office. She had luggage with tags indicating that she had traveled here from Dallas Texas, arriving at LAX on this date at 12:30 A.M. She remembered getting a motel room, but had no idea how she ended up in Hollywood. She seemed on the verge of panic.

Linda said that her foot hurt, her phone was dead and she wanted to go home. The officers tried to help, but she kept yelling at them demanding that they get her to the Los Angeles Greyhound depot. The officers gave her water, charged her phone and called Uber for her. Soon she was on her way.

On 3-9-17, Lisa from our outreach team attended the Hollywood Health Neighborhood meeting at the Los Angeles Department of Mental Health. Representatives from Step up on Second, The Center, Uplift Family Services, Aviva, Saban Clinic, Wesley Health Center and many others were in attendance.

Part of the training involved how each agency would respond to various scenarios. One involved a very troubled teenager that left much needed services and disappeared onto the streets. Lisa addressed the group and told them that we have had a great deal of success at finding such people and then guiding them to the appropriate agency. We can also provide discreet security when case workers have to deal with a potentially violent person. This message was very well received as many in the group had no idea that such a service was available. Our team made many new contacts.

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

On 3-10-17, our outreach team spoke to the homeless Michelle and John at 1709 Wilcox. The couple recently arrived here from Ohio after their eight year old son died of cancer. John also has severe medical issues and said he wants to die in Hollywood. We gave them clothing and information on available services.

On 3-11-17, we received a call of man causing a disturbance at Out of the Closet located at 6210 Sunset Blvd. Upon arrival we found Pierre seated in a chair unconscious. He was sweating profusely and his breathing was shallow. We called paramedics who determined that Pierre was having a heroin overdose. They treated him at the scene.

On 3-16-17, Lisa from our outreach team spent time at My Friends Place. She made more outreach contacts and assisted at the arts and craft table. She also helped with serving food. She interacted with the young clients and continued rapport building.

On 3-18-17, our officers met an elderly man at 1810 Cahuenga who had a flat tire. They changed it for him. He was extremely grateful as this would have been an impossible task for him.

On 3-23-17, Lisa from our outreach team attended The Source outreach meeting at the Will & Durant Library. Services were provided to the homeless. Lisa received positive input about BID security from the Department of Mental Health, Ca. Department of Public Health, the DDPS.

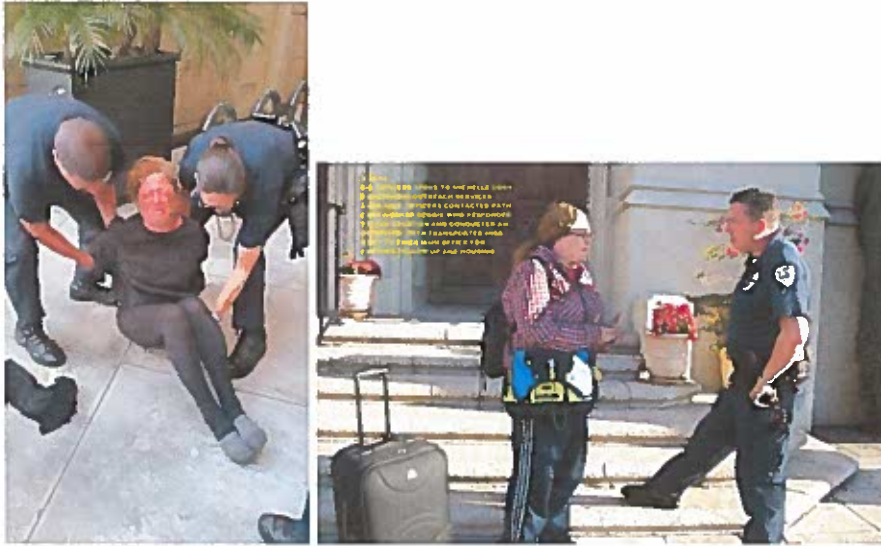

On 3-27-17, we responded to a call of a man down on the S/W corner of Hollywood and McCadden. We called paramedics who responded to the scene.

On 3-28-17, we found a woman sleeping outside of our office. I recognized Michelle as we have had many contacts with her over the years. She was extremely hostile and we could not reason with her. She threw herself to the ground and started to take her clothing off. She then said that she wanted to kill herself by jumping off the upper staircase of the building.

ANDREWS INTERNATIONAL HOLLYWOOD/SUNSET BID PATROL

We determined that Michelle was definitely a threat to herself and we called the LAPD. She fought so hard that it took six officers to load her into their SUV. This is because they were trying to avoid hurting her during the process. They finally had to call an ambulance to transport her. A 5150 hold was placed on Michelle.

The photos below show Michelle on the day of the incident and on 3-13-14. In the latter photo she is thanking our officer for helping to guide her into a PATH shelter. It is clear that her condition has deteriorated greatly over time. This is yet another example of one of our homeless people falling between the cracks. We will continue to work with our many partners in the outreach community to find solutions for these situations.

On 4-2-17, our officers spoke to Jimmy who was sleeping in front of the Yucca Market. He is homeless and only has one leg. The officers saw that he had a broken crutch. The officers had an extra in the back of their vehicle and they gave it to Jimmy. He thanked the officers and went on his way.

On 4-5-17, our bike patrol officers spotted Craig slumped over on his side in the 1700 block of Whitley. They had trouble rousing the man. When they did he said that he was having chest pains and trouble breathing. The officers called paramedics who responded and took Craig to the hospital.

Our outreach team met a new homeless couple in town. It was 29 year old Drake and his girlfriend 25 year old Wick. They came from Venice Beach where they said a gang war was taking place. They fled the violence and came here as they heard the panhandling was good. They were given outreach information. We recently made contact with a group of about eight people who also said they came here from Venice Beach.

On 4-8-17, we received a call about an injured tourist at 6620 Hollywood Blvd. Our officers walked to the location and found that a female tourist had fallen and hit her head on the sidewalk. We called paramedics and they treated her at the scene.

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

The woman was Hungarian and did not speak English. She was shaking and very frightened. We sent a Hungarian speaking BID officer to the scene. He learned that the woman had become separated from her brother and was lost. Her phone would not work. We were about to take the woman to the LAPD station when her brother walked up. There was a joyous reunion.

On 4-13-17, Lisa from our outreach team attended the Hollywood Neighborhood Health Meeting hosted by the Department of Mental Health. There was a presentation by Uplift Family Services regarding outpatient care and transformative care. There was training provided on case management of difficult outreach cases.

On 4-18-17, outreach worker Lisa attended a five hour meeting hosted by the Office of Women's Health and the Los Angeles Alliance for Community Health. We are exposing our outreach team to as many outreach organizations as possible as we prepare to hit the streets with our new team within days from now.

On 4-19-17, our outreach team was working in the storeroom, the homeless Michelle stopped by. She was last seen being arrested near the BID office by LAPD (apparently, she was quite erratic and masturbating in front of the officers). Michelle has just recently been let out of jail (and possibly the hospital) and, as usual, complaining about how everyone has "wronged" her or "stolen" from her. I have known Michelle since she came to Hollywood from Ohio, almost 3 years ago. She starts to improve her situation, but, inevitably ends up back on the streets. I know that she drinks alcohol, but I suspect drugs are involved (due to her recent behavior, and I have personally seen her around Hollywood Blvd. hanging out with other suspected drug abusers). She considers me a friend, and I will continue to work with her, but I told her today that she is going to have to do some work. She agreed, but we shall see.

ENFORCEMENT:

In the Hollywood BID we have made a total of 49 arrests. Two were for drinking in public, 29 for alcohol referrals, 9 for trespass, 3 for battery, 3 for theft, 1 for miscellaneous misdemeanors and 2 felonies. We also made 124 homeless referrals,

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

assisted 33 agencies, provided 211 foot beat patrols for a total of 199.4 hours, assisted 2815 citizens, handled 1295 radio calls for service and made 1552 business contacts.

In the Sunset BID, we have made a total of 31 arrests. Three were for drinking in public, 22 for alcohol referrals, 4 for trespass, 1 for theft and 1 felony. We also made 89 homeless referrals, assisted 14 agencies, provided 108 foot beat patrols for a total of 72.8 hours, assisted 1624 citizens, handled 897 radio calls for service, and made 1064 business contacts.

The combined arrest totals for both BIDS are 80 arrests. Five for drinking in public, 51 for alcohol referrals, 13 for trespass, 3 for battery, 4 for theft, 1 miscellaneous misdemeanor and 3 felonies. We also made a combined total of 213 homeless referrals, assisted 47 agencies, provided 319 foot beat patrols for a total of 272.2 hours, assisted 4439 citizens, handled 2192 radio calls for service, and made 2616 business contacts.

NOTED ARRESTS:

On 3-7-16, at about 8:30 A.M., the long-time 36 year old homeless Allen left his usual haunt in the 1800 block of Cahuenga to visit the 7400 block of Melrose. He claims his real name is "Chief Kicking Horse". Over the years Allen has generated countless calls for trespass, aggressive panhandling and drinking in public.

One of our officers has a friend at Power Plant Choppers on Melrose. He learned that Allen had been walking around the business and apparently saw an opportunity to take an unauthorized test drive on a brand new Harley. The police viewed this differently and took a stolen vehicle report. Allen headed eastbound and it appears that he just rode until he ran out of gas somewhere in the Mojave Desert. He then simply pulled over to the side of the road and set up camp. He was soon placed under arrest for grand theft auto and his current whereabouts are unknown to us.

On 3-14-17, we responded to the Chase Bank in regards to a call of a woman trespassing and refusing to leave. Our officers spoke to Lillian, but she refused to leave the location. After numerous warnings she was placed under arrest and taken to the LAPD station. Lillian claimed that she had been beaten and kicked by the officers. She said that they kidnapped her and took her to Jamaica. She also mentioned that she saw dragons flying

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

by. A guard at the bank observed the arrest and verified that no force was used. As a precaution we called paramedics, but Lillian refused medical treatment.

On the same date, we went to a call of a disturbance at the Gay and Lesbian Center located at 1625 Schrader. Two men had been fighting, but the victim did not wish to prosecute. The manager did sign a private persons report for Kevin who broke the front door lock by repeatedly slamming it. We arrested him for felony vandalism. The manager estimated that the repairs would cost \$1200.00.

On 3-28-17, the security guard at 6757 called us regarding a man who was sleeping and blocking the fire escape at the rear of the property. Our officers woke Jason. He had been blocking the sidewalk at 6777 Hollywood Blvd. earlier. Jason was groggy and confused. His speech was slurred. Our officer asked if he needed medical attention and he suddenly jumped up and took a fighting stance.

Jason tried to punch one of our officers in the face, but the officer blocked with his forearm. The suspect was then subdued and placed under arrest. He was turned over to the LAPD under the charge of 243 PC.

On 4-2-17, our officers were on foot patrol in the mall at Hollywood and Highland when they saw Jamon sitting on a bench near the third floor escalator. He was holding a knife in both hands with the blade pressed up against his chest. He then started thrusting the knife forward in a stabbing motion.

The officers called for back-up as Jamon got up. We also called for the LAPD. Jamon was swinging the knife from side to side. He raised the knife over his head and stabbed in a downward motion. He then walked down the stairs still swinging the knife from side to side. The officers followed as Jamon walked to the loading dock. He then walked to Highland where he crossed causing vehicles to brake to avoid hitting him. He continued swinging the knife.

LAPD officers arrived and we backed them up as they arrested the suspect for 417 PC (brandishing). He was booked for the charge and the officers said that they may be requesting a 5150 hold on him.

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

On 4-9-17, we received a call of trespassing at the CVS Pharmacy located at 1747 Cahuenga. The manager said that the man (Omar) refused to leave after being asked several times to do so. Our officers asked him to leave and he agreed to do so. Omar then took out his house keys and tried to use them to unlock the door of a Toyota parked in the lot. He was contacted again and then refused to leave. He was placed under arrest for trespass.

On 4-22-17, we responded to a call of a shoplifting at the Walgreens located at 1501 Vine. Suspect Deonta took various items and then went into the bathroom. He left the door propped open and employees saw him put on underwear taken from the store shelves. He then went outside and put on a shirt and socks also taken from the store. He then went back into the store and accused the employees of stealing his bag. The bag was found and it contained more items taken from the store.

We stood by for safety reasons as we waited for the LAPD to respond. They then took over the call and the suspect was arrested for theft. The manager of the store said that Deonta had come into the store and stolen items many times in the past.

DEPLOYMENT:

During this period we worked from 6:00 A.M. to 8:00 P.M. on Monday through Saturday and 6:00 A.M. to 6:00 P.M. on Sunday. This included officers in vehicles, bicycles, T3's and on foot.

TRAINING UPDATE:

During this period, our officers received training in cultural sensitivity, workplace safety, contact and cover, terrorism and legal update.
